

**DRAFT RESOLUTION FOR ADVISORY COUNCIL DISCUSSION
FOR JANUARY 23, 2015 MEETING**

Based on the trial period results and feedback from teachers who did participate in the Student Participation Program this past year, the Youth Seat Subcommittee recommends placing more emphasis on Sanctuary-led field based educational experiences and less focus on implementing the SAC Student Participation Program. At this point, the Youth Seat Subcommittee does not recommend creating a Youth Seat on OCNMS Advisory Council. If opportunities arise that may benefit students and SAC, efforts will be made to involve youth at that time.
